## Arch Corner Bead

**NEW Design**

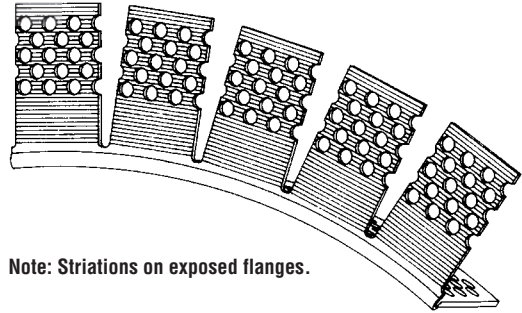

Product Number	Dimension/Description	Pieces Per Box
2209A	Drywall corner bead, 1-5/8" (41 mm) pre-slotted flange. 10' (3 m) Lengths	100

### Application: 2209A

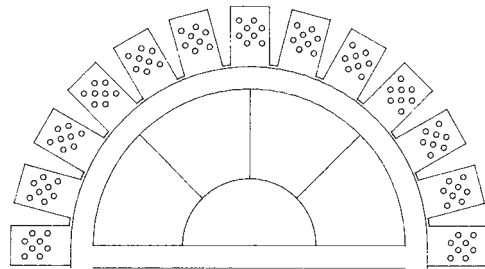

Designed with wider, striated flanges for better adhesion. For use where an arch or free flow design is specified. One flange is pre-slotted for perfect arches.

### Specification:

Arch Corner Bead shall be Plastic Components, Inc. #2209A. All exterior accessories shall conform to ASTM standards D1784, C1063 and D4216. They shall be used where specified by the architect and installed per industry standards.

Note: Striations on exposed flanges.

The base coat mesh should be lapped over the top of the perforated flanges and across all butt joints.

Caulk all butt joints, intersections and ends.
