

Corner Bead - 2209 Series Submittal Sheet

STOCK NO.	LENGTH	PCS. PER BOX
2209	10'	100

Description: The Corner Bead – 2209 Series is built to deliver crisp, straight corners on Direct Applied systems that hold up over time. The wide flanges feature bonding grooves and perforations for a strong grip on both the base coat and the sheathing surface. Made from rust-proof PVC, it stands up to impact while keeping your finish clean and durable.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

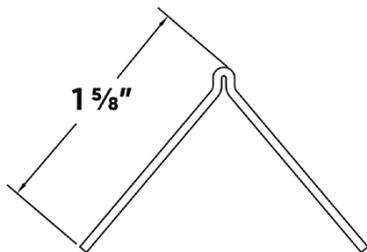

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
