

T Bar Casing Bead Submittal Sheet

STOCK NO.	A SIZE	LENGTH	PCS. PER BOX
1100	1"	10'	50
1125	1 ¼"	10'	50
1150	1 ½"	10'	50
1200	2"	10'	40

Description: Add strength and style to your banding details. The T Bar Casing Bead is perfect for creating sharp banding and pop-out effects that add architectural interest by emphasizing edges and corners. The built-in rib helps thicker stucco stick better, while the added depth reduces waviness for a smooth, even finish.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
