SB-25	2 1/2"	10'	30
SB-3	3"	10'	30
SB-4	4"	10'	25

Description: Designed to keep water moving away from your openings, the Window/Door Drip Edge has a sloped front that sheds moisture fast and a sturdy back flange for easy, secure installation. A simple addition that protects your framing and helps prevent water damage.

Advantages: Made from exterior grade PVC. Provides a high impact resistant, rust-proof termination corner.

Applicable Standards: Rigid exterior grade PVC products made by Trim-Tex meet ASTM specifications C926, C1063, C1780, C1861, D1784 and D4216.

Installation: Trim-Tex recommends following established acceptable industry standard installation methods. All butt joints, intersections, and ends should be caulked at the time of installation using elastomeric sealant. When painting Trim-Tex Exterior products, please refer to our painting resources to ensure proper performance and prevent product defects such as warping, oil canning, and buckling.
